

Meet Angela Murphy, RDH

Experienced care. A personal approach. Your choices.

For more than 35 years, I've had the privilege of caring for smiles in the Peterborough community. Over the years, I've learned that good dental hygiene care is about much more than cleaning teeth. It's about people, relationships, listening and understanding what matters to each individual.

My Approach to Care

I believe you deserve to understand your oral health, know your options and feel comfortable asking questions. My role is to share my knowledge, explain what I see and help you understand the choices available to you.

My job is to inform and support you — not to judge you or make decisions for you.

A Comfortable, Personal Experience

I want you to feel welcome the moment you walk through the door. Whether you have questions, concerns, dental anxiety or simply want to maintain a healthy smile, my goal is to make your visit as comfortable and positive as possible.

There are no lectures about your past and no expectations of perfection. We start where you are and work together toward your goals.

Why I Chose Independent Dental Hygiene

Independent dental hygiene allows me to focus on what matters most: you, your oral health and your individual needs. I can take the time to listen, educate and discuss options so you can make informed decisions about your care.

A Little About PURE

PURE Dental Hygiene Care was built around a simple belief: dental hygiene should be professional, personal and respectful of your choices.

I'm proud to care for the Peterborough community, and I look forward to helping you feel more confident about your oral health.

I'm Angela. You're welcome here, just as you are.
